

Dr. Kasthuri Henry, CTP

Dr. Kasthuri Henry is a financial and performance management leader with 20 years of corporate experience and international exposure. Kas earned her B.Sc. in Math, Computer Science and Physics, MBA in Finance and Decision Sciences and PhD in Finance & Management. A Six Sigma Black Belt, Kas' experiences include Regional CFO at Aon Risk Services integrating US financial operations; Vice President of Continuous Improvement for the University Division at Career Education Corporation driving effective integration of ERM, Governance and Six-Sigma for a balanced growth; Director of Planning & Analysis at HSBC Consumer/Mortgage Lending; and global treasury consultant at Hospira Inc integrating transactional banking across Asia-Pacific and Europe.

Kas is also a Visiting Professor at Southern Illinois University, DeVry Keller Graduate School of Management and North Park University. She was a member of the North Park University MBA Advisory Board from 2006 – 2009. Kas' contribution at Aon Risk Services and dedication to education was recognized by the Institute of Management Accountants, naming her the recipient of 'Financial Executive of the Year Award 2006' for the Mid-America region. Kas' professional affiliations include Institute of Management Accountants (IMA), Association of Financial Professionals (AFP), and Treasury Management Association of Chicago (TMAC). A Phi Theta Kappa Leadership Honor Society and International Public Safety Leadership Ethics Institute (IPSLEI) Certified Ethical Leadership instructor, she currently serves as the VP of Education for the IMA-Mid America Region.

Yes, All Businesses can Benefit from the Tools & Techniques Corporations Take for Granted!

Big businesses drive growth by focusing on 4 key principles of this Balanced Score Card....

- Customer Quality
- Business Processes Excellence
- Employee Training & Development for Innovation & Authentic Leadership
- Financial Health & Long-Term Economic Value Creation

All businesses including small businesses can apply the same principles to drive growth across their organization. We can coach you to understand and effectively deploy these key principles in your business.

Sample Testimonials:

"Kas was a business partner who was chosen to speak at C-level round table forums sponsored by Robert Half International. As the Regional CFO of Aon Risk Services, I was highly impressed with her ability to set the tone and pace to create a culture of respect and hard work among all the people she encountered at Aon. Kas lives the adage "do the right thing" within the parameters of business and community. I continue to look to Kas as a compass to move towards excellence in leadership and progress to bring about positive change."

- Susan Kingman , Division Director , Robert Half International, Chicago, IL

"Dr. Henry was brought in to assist our Hospira Treasury team with the transactional banking integration activities associated with the selection of a new banking partner in EMEA. She provided excellent service, was highly organized and always acted in a courteous and professional manner. Her project management skills, efficiency and attention to detail kept us on track and enabled us to obtain a successful outcome for this complicated project."

- Catherine F. Murphy, Assistant Treasurer, Hospira, Inc.

"Fire Prevention Solutions turned to Dr. Henry when we needed a custom Six Sigma presentation specific to municipal fire departments. Her innovative program on "Measuring the Success of Fire Prevention and Public Education Programs" was an absolute hit with our students. We still get compliments on her energetic teaching style and her easy to understand teaching method. She really makes statistical analysis fun!"

- Andrew Pieri, CEO Fire Prevention Solutions
